

Leadership Styles Questionnaire

For each row, tick or circle the word that you associate with most. This is not a test. There are no right or wrong answers. You cannot pass or fail. Be honest and truthful with yourself. Use your 'gut' feeling rather than trying to analyse each question and your response. The questionnaire is designed to provide insights into the four styles of leadership behaviour.

Your Name					
Tick the words that best describe you. There are no right or wrong answers.					
Active	Adaptable	Calm	Accurate		
Adventurous	Assuring	Compassionate	Agreeable
